Objective

Passionate and driven BCA student seeking to join the Google Developer Group (GDG) at IINTM, Janakpuri. Eager to enhance my technical knowledge, collaborate with peers, and contribute to community-driven projects while learning from experienced developers.

Education

Bachelor of Computer Applications (BCA)
IINTM, Janakpuri, Delhi
(Expected Graduation: 2028)

- Relevant Coursework: Programming in Python, C, Web Development, Database Management Systems

Technical Skills

- **Programming Languages:** Python, C, HTML
- **Databases:** MySQL
- **Tools & Technologies:** Version Control (Git, GitHub), Web Development (HTML), Advanced AI

Achievements

- **C for Everyone (Coursera)** – Completed the course to develop foundational skills in C programming.
- **Python Completion Certificate (DataFlair)** – Completed a comprehensive Python course, gaining hands-on coding experience.
- **Advanced AI(Outskill)** - – Completed the course to develop Generative AI mastermind to maximise the output.

Projects

1. Portfolio Website

- Developed a personal portfolio using HTML to showcase projects and skills.

2. Student Management System (MySQL + Python)

- Created a student management system for storing and managing student records using Python and MySQL.
- Implemented features for adding, updating, and retrieving student details.

Experience

Programming Tutor (Informal Assistance) – DAV public school, IINTM

- Assisted fellow students in understanding HTML and Python concepts during group study sessions.

Extracurricular Activities

- **Member, Coding Club** – DAV public school
  Participated in coding challenges and engaged in group problem-solving exercises.

THANK YOU..
